

# Technical datasheet

## WOR-L-930-1-ASYM-BL

### Product description

Modern recessed lamp with excellent lighting properties. Suitable for lighting offices, corridors and design spaces. The lamp uses the most modern LED technology, which makes the lamp powerful and economical.

**LED**    220-240 V    IP20                UGR < 19    CCT 3000 K    CRI 90+

### Product technical data

Mains voltage                    220 - 240V AC, 50/60Hz

Connection method            Screw terminal

Dimming type                    Non-dimmable

IP rating                            20

Protection class                II

Ambient temperature         0 to +25 °C

Light source                        LED

Colour temperature            3000k

Color rendering index         90

Rated luminous flux            1,024 lm

Connected load                 13.09 W

Luminous efficacy              78.2 lm/W

Ripple                                1 %

Inrush current                  10 A

Inrush time                        200 μs

Optical system                  Lenses

Optical part material          PMMA

Housing material                Steel

Surface finish                    Powder coated

Width                                71.00 cm

Height                               41.00 cm

Length                               340.00 cm

Weight                               0.75 kg

Service lifetime (L80 B10)    50 000 h

Warranty                            5 years
